# Hotel on Bogdana Khmelnitskogo St. Kiev

Location: 56 bogdana khmelnitskogo str., Kiev, Ukraine  
Architectural Design: DROZDOV & PARTNERS  
Authors: Yana Bryukhovetskaya, Oleg Drozdov, Vyacheslav Zhemir, Pavel Zabolin, Anna Kosharnaya, Andrian Sokolovsky, Aleksandra Urtyukova  
Area: 3,200m<sup>2</sup>

The renovation of the building along bogdana khmelnitskogo str. represents the second part of the hotel complex. The design proposal preserves 4 original floors removing the two upper floors. The additional storeys form an independent volume placed on top of the existing building. They follow the rhythmic pattern of the neighbouring 15-storey hotel, which makes them visually united into one single complex. On the ground floor of the renovated building there is an entrance to the hotel, a small shop, and a cafe with a summer terrace.
